To Whom It May Concern,

I am writing this letter to give my highest recommendation to Mr. Gedevan Kuprava, who has worked with us as a Graphic & Motion Designer. Over his 7-plus years in the industry, Gedevan has proven himself to be an exceptionally talented, versatile, and dependable creative professional.

What sets Gedevan apart is his complete mastery across multiple visual disciplines. Whether producing high-impact static visual assets for digital campaigns, crafting sleek motion design and dynamic video edits, or preparing technical print materials for production, his execution is consistently polished and strategically aligned with overarching brand goals.

Key strengths include:

Versatility & Technical Precision: Seamlessly transitioning between fast-paced digital formats, complex animation workflows, and high-spec print production without sacrificing quality.

Speed & Reliability: Consistently delivering creative outputs on tight turnarounds while maintaining meticulous attention to brand guidelines and file hygiene.

Creative Problem-Solving: Elevating brief requirements into compelling visual narratives that perform strongly across digital platforms and physical activations alike.

Beyond his technical capabilities, Gedevan is a true collaborative partner. He approaches feedback constructively, communicates clearly with cross-functional teams, and handles high-volume creative workloads with calm efficiency.

Any team or brand looking for a seasoned, senior-level visual designer who can own projects end-to-end would be fortunate to have him. I recommend him without hesitation and would gladly work with him again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Gasviani", with a long, sweeping horizontal line extending from the end of the signature.
